

EXTENDED LEARNING OPPORTUNITIES DEPARTMENT
2020-21 PrimeTime Online Program Overview

The SDUSD PrimeTime will be offering an engaging virtual/online learning program for participating students using the **Think, Feel, Read™** curriculum. A Social and Emotional Literacy Curriculum designed to enhance after school learning and connection in an online, hybrid, or in-person setting. It starts with a Social and Emotional theme, like caring connection, or empathy. A curated list of books is assembled specifically for the message communicated in the storyline. Special attention is focused on selecting books that feature characters and settings that are relatable and reflective of a diverse community. A literacy guide is crafted for each picture book and/or chapter and is designed to help staff through a step-by-step process for creating powerful social and emotional discussions. Thoughtful attention is dedicated to extrapolating “feeling words” from the text along with: comprehension questions, critical thinking activities, and creative responses that lead to STEAM extensions.

Student Grade Levels: TK – 8

Maximum Student to Staff Ratio: 12 to 1

Program Schedule: Program scheduled four days per week from Monday-Thursday for three hours each day. Parents/guardians have the option to have students participate for a minimum of one hour up to three hours per day. Program start time will be based on the 2019-20 dismissal time. Principals may request a different start time by sending an email to the PrimeTime Site Supervisor and the SDUSD program coordinator for their school.

Week of August 31, 2020: PrimeTime Staff will contact families to make introductions and provide program overview, program hours, and daily schedule.

Week of September 8, 2020: PrimeTime staff will start structured online program.

Mandatory Professional Development for Staff: All PrimeTime staff are required to participate in After School Staff Essential Training (ASSET) prior to August 31 or within 30 days of hire date. Staff will also receive training on Think, Feel, Read™ curriculum.
